IS RUDDERLESS JUNK

Japan Is Getting Into Deep
Water With Russia.

FIGHT TO THE DEATH

If She Becomes Involved in
War With Bear.

New York, July 29.—A special to the
Tribune from Washington, says: The
government at Washington has come into
possession of important views upon the
sweeping developments now occurring in
the far east entertained by one of its most
trusted agents at present in China—an of-
ficial who has spent much of the last
twenty years there and in Korea and
Japan. From this confidential communi-
cation the Tribune is enabled to make
the following verbatim extracts:

Korea is the atom center, if there is
one, just now. The government of the
empire is a greedy, cruel and rapacious
personal despotism and Russia is playing
with the territory as a cat does with a
mouse. She is perfecting her railway system
in Siberia and Manchuria, and when
she is ready she will come down through
the Korean peninsula, and plant her mili-
tary and commercial establishments in the
southeast, whence she can descend upon
Japan and which lies between the
British interests in the north and their
base at Hong Kong. To this end Russia
seeks to control, or build and control a
railway from the northwestern frontier of
Korea, near Mukden, to Manzhou.

Let her agreement with Japan forbids
her seeking any concessions in Korea
and therefore she must stop at its border.

The effort to control the country is
Brown, though made on a side issue to
which he lent himself with absurd sim-
plicity, was for the purpose of getting the
pledge of the custom revenues for this
loan. For the purpose of protecting her
credit, China placed her customs revenue
under the control of the foreigners as
commissioners and without his consent
it cannot be pledged. Mr. Brown was
dismissed for refusing to vacate some
public offices, but under pressure, was re-
instated and the matter is in abeyance
for the moment. Russia views the op-
position with tolerant amusement and
will win.

When the real purpose of the McLeary
Brown incident became evident Japan
was much alarmed and with good reason.
Her finances cannot stand the strain
for her armaments and the cabinet
has gone to pieces on the financial ques-
tion. A feeble military can hardly be
sold to be in power and the country is
drifting, possibly into war with Russia,
like a rudderless junk. Whatever tem-
porary success Japan may have if she
goes to war with Russia, it will insure
her having to fight for her very existence
in her own islands, and that before
many years.

Great Britain could not stop Russia if
she would, and if she could, she would
not, for she does not care to accelerate
the Russian advance to the hand of Per-
sian Gulf which already threatens India.

The Russians hold the great part of New
Guinea, without there being anything
visible or in view a single shore or
crust of Chinese authority and an official
told me he was astonished to see
Armed Russian soldiers openly allowed
to overboard the British steamer on board
of which he was traveling. New China,
what you, was an open treaty port.

Germany is so powerful as Great Britain
and is in a position to make a single shore
frontier open to Russia, and in fact, her
position between the French hammer
and the Russian anvil, she takes no in-
itiative at Pekin where Russia is in control.

France is far and hated for Germany
the strong motives for the solidarity of
the Russian-French policy.

Dr. Geo. Ewing, a practicing physician
of Smith's Grove, Ky., for over thirty
years, writes his personal experience with
Ward's Kidney Cure. "For years I have
been greatly bothered with kidney
trouble and enlarged prostate gland. I
used everything known to the profession
without relief, until I was induced to use
POLY'S KIDNEY CURE. After using three
bottles I was entirely relieved and
cured. I prescribe it medicinally in my prac-
tice and heartily recommend it to all
physicians for such troubles, for I can
honestly state I have prescribed it in
hundreds of cases with perfect success."

GOVERNOR OFFERS REWARD.
Mr. Stanley Gives \$300 to Catch Miss
Parrott's Assassin.

Topeka, Kans., July 29.—Governor Stan-
ley yesterday made proclamation of a re-
ward of \$300 for the arrest of the man
who assassinated Miss Cora Lee Parrott,
a Denver-old young woman, at Colley, Kan.,
last Saturday night. The county commis-
sioner has offered an additional reward
of \$50. The girl is the daughter of Mr.
and Mrs. S. C. Parrott, who live about
two miles from Colley. She was alone at
her father's house and was walking in
the yard when she was abducted by a masked
man and dragged to a hay stack a half-
mile from the house. There a terrible
struggle ensued, during which the girl
bore the brunt of the man's fury and was
left a piece out of his arm. She could not
move, identify him. About an hour
afterward she was discovered by her
brother, who had missed her and dis-
covered a search for her. When found she
was almost unconscious. Her clothes
were torn to shreds and she was injured
about the body and limbs from being
dragged over a fence. The farmers in the
neighborhood at once endeavored
to find Miss Parrott's assailant but were
unsuccessful. She was taken to a hospital
at Topeka, where a few miles from Colley,
Kansas, where all trace of him was lost.
Senator Theodore of Colley, who was here
yesterday to prepare the proclamation of
reward, says that if the man is captured
he will be hanged.
